DEATH CLAIMS
JUDGE CULLENAged Jurist and Statesman Passes
Away at Home Here After
Lingering Illness.

FUNERAL SUNDAY AFTERNOON

Bar Association of This and Other
Counties, Masons, and G. A. R.
To Attend in Body.

Judge William Allen Cullen, 77 years old, a well known and prominent citizen of this city, died this morning about five o'clock at his home, corner of Fifth and Main streets. Judge Cullen had been in poor health for some time and was taken seriously ill in Jacksonville, Florida, April 12, while enroute home from St. Petersburg, where he had been for the benefit of his health. On arriving home he did not improve and gradually grew weaker until the end came. The cause of death was hardening of the arteries and a complication of diseases.

The funeral services will be held Sunday afternoon at 2:30 o'clock at the late residence, conducted by the Rev. J. B. Meacham, assisted by the Rev. V. W. Tevis. Burial will take place in East Hill cemetery.

The local Bar Association, together with members of the bars of the surrounding counties will attend the funeral services in a body as will the Masonic lodge and the G. A. R. At a meeting of the association this afternoon, Judge Douglas Morris, Will M. Sparks and Frank J. Hall, all former judges of the local court, were appointed to the resolutions committee and will report Sunday afternoon at one o'clock at the court house.

Judge Cullen had been a resident of this city and county for fifty-six years, during which time he took a prominent part in the affairs of State and Nation. At an early date he was made a member of the Rush County Bar Association and was considered a power both on and off the bench. His acquaintance was not limited to Rush county, but extended to the surrounding counties and the State.

Judge Cullen was the son of William and Louisiana Cullen and was born August 2, 1834 at Patriot, Switzerland county, Indiana. He received a common school education with two years at Hanover and Washburn colleges and afterwards graduated from the law school at Asbury, now DePauw University. He took up the practice of law in the office of A. C. Downey, in Rising Sun.

Mr. Cullen came to this city in 1857 and was a successful lawyer, retiring from practice in 1898. He was married to Frances S. Davis of Rising Sun, October 14, 1857. Mrs. J. C. Sexton is the only child. Judge Cullen was a Democrat in politics, until the breaking out of the rebellion when he promptly espoused the cause of the Union, and labored vigorously and untiringly in recruiting soldiers for the Government.

In March, 1864, he was appointed by Governor Morton, Lieut-Colonel of the One-hundred-and-twenty-third Indiana regiment. He served in command of the regiment and during the Atlanta campaign was honorably discharged in July following on account of sickness. Judge Cullen was elected state senator in 1865 and served one term.

At the expiration of his term as senator he was appointed Judge of in Common Pleas Court for Rush, Decatur and Ripley counties. He was afterwards elected to the same office for four years and just before his term expired, Governor Conrad Baker appointed him Judge of the Circuit court for Rush, Fayette and Decatur counties, to succeed Judge

SATURDAY IS LAST CHANCE

Dog Tax Will be Turned Over to
Trustee.

Tomorrow is the last chance to pay dog tax before the delinquents are turned over to the prosecutor. The township assessor has his report almost completed and will file it Saturday with the township trustee. Those who have not paid the tax will stand prosecution as the trustee will turn the list over to Wallace Morgan. The assessor reports that the dog tax money is coming in rather slow and unless a great many "come across" tomorrow the list will be larger than last year.

PLAN BOOSTER TRIP
TO SHELBYVILLELocal Red Men Will Pull For Celebration
to be Held Here

July 4.

TO SECURE SPECIAL TRAIN

A booster trip, in the interests of the Fourth of July celebration to be given here, will be made to Shelbyville next Wednesday night, where a carnival will be in progress. The local Red Men, who will have charge of the Fourth of July celebration, are planning the trip to Shelbyville and a special train will be secured.

The carnival in Shelbyville will be given under the auspices of the Red Men and while taking in the attractions a good word will be said for the powwow and celebration to be held here. Although the special will be in charge of the Red Men, the public is invited to make the trip. Members of the lodge have been meeting with success in selling tickets and a large crowd is assured. It is planned to take the band and a big supply of fireworks and to make the booster trip a success all that is needed is a large crowd.

MERCHANTS LIKE
JOY RIDES TOO WELLNot Enough Out Last Night to Hold
Regular Meeting of Retail

Merchants Association.

MANY THINGS TO BE HEARD

Practically the first real summer evening of the season which made "joy" riding a real pleasure coupled with the natural laziness which becomes apparent at the opening of warm days, kept enough merchants away from the regular meeting of the Rushville Retail Merchants Association last night to make it a complete failure. There was considerable interest evinced at the meeting previous to the one that should have been held last night, and it was expected a large crowd would turn out last night.

At the last meeting a committee of three—G. P. Hunt, George Puntunney and George F. Moore—was appointed to investigate the trading stamp controversy and report back to the merchants, and it was thought some definite action one way or the other would be taken. Also there was some talk of changing the name of the organization in order to enlist the aid of other men interested in the welfare of the city and make it as much of a commercial association as possible.

OFFICIALS GO ON
SECRET MISSIONCoroner Shauck and Deputy Prosecu-
tor Morgan Leave City and Will

HAS BEARING ON HARRIS CASE

Events of Day Lead to Belief That
Probe is Being Brought to
Close.

There was something in the air this afternoon in regard to the Harris case, but inquiries failed to reveal the true facts which would explain the maneuvers of some of the officials.

The grand jury did not examine any witnesses this afternoon and Wallace Morgan, deputy prosecutor, who has been assisting in the grand jury probe and who acted as Coroner A. G. Shauck's clerk in the coroner's inquests, together with the coroner, left Rushville some time during the middle of the day and will not be back until late this evening.

It was learned on good authority that the two officials had left the city, whether by automobile, interurban, steam road or horse and buggy, it could not be determined. Dr. Shauck's automobile stood on a down town street all afternoon.

It was found that the two officers left the city on business connected with the Harris investigation. In just what connection they went, it could not be learned, nor could it be found out for certain just what was the significance of their sudden departure in the midst of the grand jury quiz.

The grand jury did very little work all day. It was stated by some that a very few witnesses were examined this morning. The grand jury was late in getting started.

This afternoon the grand jury went back to the investigating room, but nothing was done. About two o'clock John Plough, bailiff, was sent out by the grand jurors to get a light lunch. He returned in a short time with two large sacks of oranges and bananas. The special grand jury stenographer left the grand jury room shortly after two o'clock.

It was said today that Alva Eakins, who was one of the chief witnesses in the case and who lived on a farm in the neighborhood of Ashland farm, would likely be recalled to testify before the grand jury.

It was thought that the two officials who have been working in connection with the case might have gone to get Calhoun, the farm laborer who formerly worked on the Ashland farm and was dismissed by L. B. Harris the Saturday night previous to the fire. Calhoun was used as a witness before the coroner, but has never testified before the grand jury, it is said. He left the county with the permission of the officials who have said they know his whereabouts.

It was also understood that the two officials might have gone to Connersville to get additional evidence in regard to the case.

The events of today led to the belief that prevailed yesterday that the grand jury was likely drawing the probe to a close. The fact that the grand jury remained in session for a time this afternoon, although no witnesses were examined, was said to be significant.

TO BUILD THIS SUMMER.

Carthage Citizen: Dr. Green, county health officer, was here Tuesday and condemned the Earnest school house, an old frame structure, built in 1853. Trustee A. O. Hill will begin activities at once to secure a new school building and hopes to have it completed in time for the fall term.

ALLEGES THAT
HE KEPT THE \$85Farmers Fuel Company Suit to Re-
cover \$100 From Director
George Murphy Heard.

ARGUMENT ON GAS WELL SALE

Requires Jury 15 Minutes to Return
Verdict For Defendant in the
Knecht-Scott Case.

The case of the Farmers Fuel Company of Gings against George Murphy in which one hundred dollars was demanded, was heard by Judge Blair in the circuit court today. The evidence was concluded shortly after two o'clock and the case was submitted to the court without argument. Judge Blair took it under advisement.

According to the allegations of the plaintiff, George Murphy, who was a member of the board of directors of the company, was commissioned to sell a gas well for not less than \$125. The plaintiff asserts Murphy sold the well for \$210, turning in \$125 to the company and keeping the additional \$85.

Murphy's defense was that he received only \$125 for the well and that it was sold for \$210 by the person to whom he sold it.

In the claim of Elmira Keaton against Carey Keaton, administrator of the estate of Elizabeth Hittle, in which \$439.50 was demanded, the plaintiff filed a motion for a continuance.

It required only fifteen minutes this morning for a jury in the circuit court to return a verdict for the defendant in the case of Fred Knecht against T. B. Scott for one thousand dollars damages on account of personal injuries. The jury went out about fifteen minutes after nine.

When the jurymen assembled this morning, the court was preparing to read the instructions, Will M. Sparks, counsel for the defendant, asked the court to cause the jury to retire, and he then made a motion that the jury be instructed specially not to heed the fact, published in both daily newspapers, that the defendant had confessed judgment for fifty dollars and had agreed to settle for that amount.

The attorney pointed out that it was not intended that this fact should have been made public because it might tend to influence the jury one way or the other. The judgment was refused by Knecht who insisted on trying the case.

Judge Blair called the jury back in and interrogated each other in this regard. It was found that only one member of the jury had read this statement in the newspaper, and that none of the others had heard it from any source. The court instructed the jurors not to pay any attention to this angle of the case in returning a verdict.

Knecht asked a thousand dollars for injuries he received when he and Scott had a scrape on his father's farm October 13, 1910. He was hit in the hip with a rock, he testified, and put to an actual expense of eleven dollars.

400 MILES WITHOUT A CRANK.

Charles Miles of Raleigh and Fred Neuman of Richmond are the champions in this vicinity for long and fast auto trips. A few days ago they left Raleigh in Mr. Neuman's car, and when they returned five days later they had visited Indianapolis, Lafayette, Delphi, Tipton, Monticello, Elwood, Muncie, Newcastle and a score of other towns. A remarkable feature of the trip of over 400 miles was that they never cranked the machine a single time, as the gasoline starter worked every time.

At a recent meeting of the Carthage school board Mrs. Margaret Morton of Rushville, Miss Mossburg and Miss Goddard of the high school building, and Miss Perry of the Washington school were re-elected to their present positions, says the Carthage Citizen. Miss Goddard and Miss Perry have accepted. Mrs. Morton resigned to accept a more lucrative position in the Milroy schools. Miss Mossburg also resigned to attend school next year. The board expects to meet soon to complete the list of teachers for next year.

Mrs. Elizabeth Lewis.

DOESN'T LEARN WHERE HE IS

Mrs. Laird Hanna, the forsaken wife of the printer and former big league ball player who ran away Tuesday night with Mrs. Elizabeth Lewis, a widow of eight months, gives the lie to the person who started the story that the elopement of her husband and Mrs. Lewis was the result of an earlier romance. In view of the fact that Mrs. Lewis came here from Somerset, Kentucky, several years ago, and that Hanna and his wife moved here from Richmond, Kentucky, a little over six weeks ago, the tale was circulated that the two might have been childhood sweethearts, and that their meeting here at this time recalled the days of yesterday. Mrs. Hanna says that her husband hails from Huntington, West Virginia.

Mrs. Hanna said today that she testified before the grand jury yesterday and that she presumed the grand jury would return an indictment of wife desertion. Mrs. Hanna says she has a United States marshal on the trail of her husband, but has received no word yet of his whereabouts.

Hanna was touted as one of the promising prospects for the Rushville ball team, as he was given a try-out with the Brooklyn National League team last season.

\$6,800 DAMAGE DONE TODAY

Fire of unknown origin early today destroyed the general store of William Kelso, the living apartments of Mr. and Mrs. John Kelso and a barn belonging to Dr. C. W. Pagel at St. Paul. The fire originated in the barn. The loss on the store and buildings is \$6,000, with no insurance. The loss on the barn is \$800. The town is without adequate fire protection and the bucket brigade was forced to confine its work to saving nearby buildings.

The fire was discovered by Mrs. Eunice King, who, clothed in her night dress, grabbed a revolver and ran up and down the street firing and crying fire.

TWO CONCERTS
FOR THIS MONTHCommittee Has Written Carl Morris
to Learn if May 29 Would be
Acceptable.

TO PAY OFF COLISEUM DEBT

J. Walter Wilson Hopes to Arrange
"Old Folks Concert" Along
Entirely Different Lines.

The committee which is planning to give two concerts this month at the coliseum in the city park to raise the debt of the building has written Carl Morris of New York City to learn if Wednesday night, May 29, will be acceptable for his concert here. They have received no word from him yet. Whenever the date is settled definitely it will be announced at once.

The former Rush county boy, who has become a baritone soloist of some note in the eastern metropolis is coming to Indiana this month to sing at the Richmond May festival, and it is for that reason it has been possible for the Rush County Chautauqua Association to book him for a concert here.

There is every reason to believe that Carl Morris will attract a monster crowd. He is known to the far corners of Rush county, as most every resident has watched with pride his rapid rise in his profession in New York. He sang here at the chautauqua last season and was a pronounced success. He was greeted by his home folks as he never was in all his successful career.

This coming event here will be the first opportunity to hear him in a full concert. His melodious voice attracted for him a large host of admirers when he sang here before. Those people who had not heard Carl Morris since his rapid rise in the music world were astounded and they are very anxious to hear him again.

Still another concert is planned for this month, the proceeds of which will be used to assist in paying off the debt on the building. It is to be another "Old Folks Concert," under the direction of J. Walter Wilson. It will be readily recalled that the concert here last year of the same nature was a very much enjoyed affair—both the participants and the people in the audience liked it.

The coming concert, according to Mr. Wilson, will be built along entirely different lines. There will be very little similarity in the two concerts—the one already given and the proposed—except in the name. The same spirit will be centered in both, but the one yet to be given is expected to outshine the other one many degrees.

If the "Old Folks Concert" is given it will have to be before the latter part of May, as Mr. Wilson intends to start on his tour the middle of June. He is under contract to appear as soloist and impersonator with the famous Krell band this summer under the direction of the Redpath Lyceum Bureau.

He is finding some difficulty in interesting the singers of Rushville in the proposed concert on account of the warm weather which attracts people out of doors, but he hopes to have the rehearsals started in a short time.

LESSON FOR MAY 5.

POVERTY AND RICHES.

LESSON TEXT—Lk. 6:20-26 and 16:19-31. GOLDEN TEXT—"A man's life consisteth not in the abundance of the things he possesseth."—Luke 12:15.

Last week we were studying the fundamental principles of this new kingdom Jesus came to establish. Today our study presents another of his seeming paradoxes, viz., the blessedness or the happiness of poverty, hunger and persecution. Spoken primarily to the twelve, Jesus intended these words for all the people—present and prospective. Jesus is distinctly the poor man's friend. He knew the meaning of hunger and thirst, of weeping and mourning, and so contrasts the joy that shall be to these "happy ones" with the "woe" that shall come to those who from out of their joy and their abundance fail to respond to the needs of mankind.

What it is and Why. The last half of the lesson is intended to illustrate the teachings of the first. Let us look at the illustration. "A certain rich man." He was not of sufficient importance even to mention his name. How few rich men ever succeed in really perpetuating their names. Not one succeeds in any measure at all except as in some manner he emulates the life and teachings of

Jesus. How few monuments really perpetuate names. Character alone is what lives. This rich man, however, did not lose out simply because he was a rich man. Verse 25 tells us why he was in anguish. His life had been that of a selfish seeker and he had had his reward. Now conditions have changed. Once clothed in purple and faring sumptuously, now he is the beggar. Ignoring the cry of need at his gate now he is compelled to make his cry afar off.

"A certain beggar named Lazarus." It is better to be a beggar vainly seeking a few crumbs and to rest in Abraham's bosom than to live in luxurious ease, ignoring the cry of the needy and to live in hell hereafter. Lazarus did not gain glory hereafter because he was a beggar, but rather because of his character. Angels announced the coming of the Son of Man, angels welcomed the returning of this son of mankind. Which of the twain, Dives or Lazarus, really enjoyed life? Eternity is a long time, it begins where imagination ends. The name Lazarus really means "God-helps" and God always does help the poor.

Lazarus had some friends for we read that the dogs showed their sympathy. It is always true that those poor as poverty are most ready to respond to the cry of need, and out of their penury will give the most abundantly to relieve distress.

Leaves All Behind. "The rich man died also." Thus ended his life of ease and luxury for shrouds have no pockets. "How much did he leave? He left it all." All of his loved ones, all of his hopes were left behind. There is something appallingly sad in the death of a rich man who trusts only to his wealth, having no faith in God. Millions for a moment of time. The sarcasm of Jesus' words is quite apparent, "and he was buried." Only a clod of earth, no longer useful, of the earth, earthy, bury him, get him out of sight. But

on this end all? By no means, for when he reached the other side he did not lose consciousness nor reason. No soul sleeping there. He saw, he observed, he felt, he remembered, he reasoned. Back upon earth he had brothers who were following his same mode of life. Here he was suffering, crying for "mercy," for an alleviating touch of cold water, yet in that cry there was no note of repentance. He and his brethren had lived for the tongue and had pampered it, now it, the seat of taste, of bold words, etc., is crying for cooling relief. But would those behind repent even if one were to rise from the dead? No, except that they might escape a like torment. The desires of their hearts would be the same. Being out of state's prison is of itself no particular honor. The message of Jesus strikes deeper than outward forms and ceremonies. It is the heart motive whereby we are to be judged. Dives sought to excuse or to justify himself (v. 30), but Abraham tells him plainly that both he and his brethren had had sufficient light. If they will not listen to Moses (the Pentateuch) and to the prophets neither will they repent even though one came from the dead. That being so how much greater condemnation must rest upon those who reject him who is greater than these? One who is a greater witness to the mercy and love of God.

The disciples were poor in both this world's goods and one of them, Matthew, adds that the happy ones are those who are poor in spirit also. They knew the meaning of hunger and of privation and were ready to learn of him. Jesus is not so much in this illustration trying to give us a picture of the hereafter, of the future life as he is to show the results of our living in this present life. He shows us plainly that there are different states over there and that these states are the result of our conduct in the life we now live. Riches are a temptation, a temptation to gain fraudulently.

Poverty and Riches. Luke vi: 20-26; xvi: 19-31.

Golden Text—"A man's life consisteth not in the abundance of the things which he possesseth. Luke xii: 15.

(1) Verse 20—Wherein consists the blessedness of poverty?

(2) Did Jesus mean that it was blessed to be poor or in the fact that the poor were to be delivered from their poverty?

(3) Why should the poor be more entitled to the kingdom of God than the rich?

(4) Verse 21—When a good man is hungry or when he weeps, is he going through, for the time being, the best possible experience for him and is therefore blessed? Give your reasons.

(5) If hunger is necessary in order to getting and enjoying food, and if weeping is an essential preparation for laughter, why are not these experiences blessed?

(6) With the world and human nature constituted as at present, would

it be a blessing or a curse, and why, if all hunger, weeping and other pain were impossible?

(7) Verses 22-23—Wherein consists the blessedness of being hated for Jesus' sake?

(8) Under painful circumstances, even when recognized as blessed, is it always possible to be joyful and happy? Why or why not?

(9) If, for example, we are now suffering great pain, which is to result by and by in infinite pleasure, why would not a realization of the truth make our hearts glad?

(10) Verse 24—What is the one great penalty of riches?

(11) What can you say for or against the statement that it is wicked to be rich and virtuous to be poor? (This is one of the questions which may be answered in writing by members of the club.)

(12) Verse 25—What is the great woe to those that, having plenty of food and worldly amusement, have no desire for spiritual joys?

(13) Verse 26—Is it possible for a man who is well pleasing to God to have all men speak well of him?

(14) XVI: 19-23—How is it that in all time some have been very rich and some very poor?

(15) Which, and why, tends most to goodness, great poverty or great riches?

(16) Why did the poor man go to heaven and the rich man to hell?

(17) Why is there no necessary vice or virtue in being either rich or poor?

(18) Verses 24-26—What does this story teach concerning any alleviation of the suffering of the lost?

(19) Verses 27-31—If Wesley and Knox were to come back to the earth and preach, would they win more people for Christ than they did when here before? Give your reasons.

TOPIC FOR MAY 5.

The Christian Virtues Vs. Unselfishness. 1 John 3:10-18. (Consecration Meeting.)

It costs nothing to give away the things we do not want. No person can claim to be unselfish whose generosity is limited to cast-off clothing. Unselfishness implies the element of sacrifice. The unselfish people are those who give when it hurts.

Unselfishness isn't a matter of money. It is simply a question of the relative order of the personal pronouns. The man who puts "I" before "you" or "they" is not unselfish though he may give away a million a year. But the man who habitually puts that first personal pronoun third is unselfish if all he can give is just a smile.

The unselfish man is better remembered by what he does for others than by the extent of his newspaper notices. Real unselfishness needs no press agent. Unselfishness is usually too busy to advertise.

I know an unselfish man. He often works all night for the cause he loves. He gives it time and money and strength. He is so busy working that he has no time to boast about it. He does not cater to the applause of his friends. He is satisfied if the work is done and the organization which he serves gets the credit.

I know another fellow who is equally capable. He accomplishes just as much, perhaps, but his vision is obscured by that first personal pronoun. He will cheerfully work all night, but he will talk about it all day.

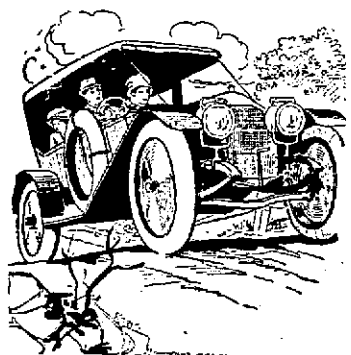

There is a difference between investment and unselfishness. The man who gives because he expects returns may be a good business man, but he is not unselfish. Anybody can give when there's chance for a profit.

Next Week's Meeting.

Topic: The Value of Initiative. 2 Kings 13: 14-19. (A leadership meeting.) Introduce new features in this meeting. If the song service ordinarily comes at the beginning put it at the end. Change the arrangement of the chairs. Have the scripture lesson recited instead of read. Ask each member to do something in this meeting harder than he is in the habit of doing. For some this will mean public prayer, for others testimony, for others not talking quite so long. But plan to get out of the rut. Demonstrate what initiative can do for your society.

NOTICE

For the Improvement of a Highway on the Line Between Jackson, Center and Union Townships, Rush County Indiana.

Notice is hereby given that a petition has been filed in my office for the grading, draining and paving with crushed stone of a certain highway on the township line between Jackson, Center and Union Townships, Rush County, Indiana, which petition is in words and figures as follows, to-wit:

State of Indiana, Rush County, ss.

In the matter of the petition of Omer C. Thompson, et al. for improvement of a highway on the township line between Jackson, Center and Union Townships, Rush County, Indiana.

To the Honorable Board of Commissioners of Rush County, Indiana.

The undersigned petitioners show to your Honorable Body that this petition is signed by at least fifty adult freeholders of the townships of Jackson, Center and Union Townships, Rush County, Indiana, and that at least ten of said petitioners reside in each township above named. That there is an existing highway on the line dividing said above named townships described as follows:

Commencing at a point on the line dividing Center and Jackson townships at a point where the Rushville and Knightstown Gravel Road crosses said line; thence east along the highway as now located to a point where the Rushville and Dunreith Gravel Road crosses the line dividing Center and Union townships, all in Rush County, Indiana.

Four petitioners respectfully petition that said highway be improved by grading, draining and paving the same with crushed stone as follows, to-wit:

That said highway should be opened and improved to the width of thirty feet; that all necessary drains and side drains, bridges and culverts and sewer tile therein be so constructed as to make said road a complete stone and gravel road.

Said petitioners further show that said townships of Jackson, Center and Union not either of them has an incorporated town therein that has as great a population as thirty thousand inhabitants and that this highway does not run through any incorporated town or city.

Said petitioners further show that said townships of Jackson, Center and Union will be greatly benefited by said highway, that said highway will be of public utility and that it will be of public utility to grade, drain and pave the same and that the costs thereof will be less than the benefits therefrom.

Said petitioners further show that said road is less than three miles in length and connects at each end with a free improved highway, and that a United States Free Rural Delivery Route runs over the entire length thereof.

And your petitioners pray for the improvement of said highway in all things in accordance with sections one to five of the Act of the General Assembly of 1909 of the State of Indiana entitled, "An Act to provide for the improvement of free gravel or other macadamized roads outside the limits of cities and in incorporated towns on the boundary lines between any two or more townships providing for their location and establishment the manner of their construction and providing for the payment of the cost of laying out and constructing the same and for their maintenance and other matters properly connected therewith and declaring an emergency". And all acts amendatory thereof and supplemental thereto. For all of which they pray.

Republicans Ahead.
(St. Louis Globe Democrat.)

A striking fact revealed in every Republican State which has had a presidential primary thus far is that the Republican poll maintains its old ascendancy. There is no indication anywhere that the party is losing ground. This is a welcome manifestation to all elements of the Republicans. The supporters of Taft, Roosevelt, LaFollette and Cummins can all rejoice over this revelation of the strength of their party on the eve of the great national plebiscite. It means that if the ticket, whoever heads it, gets a fairly complete vote of the party it will carry the country.

Nobody will be surprised that the

Republicans held a long lead in the primaries in Pennsylvania, nor is there any cause for surprise at their ascendancy in Illinois, although the Democrats have been claiming that State for November. But the Republican lead in the primaries in Nebraska and Oregon is something which many Republicans did not look for. Both of those States have been claimed by the Democrats all along. The Democrats have half of Nebraska's congressional delegation in each house, as chosen in 1910, and they have a majority in the legislature. They have one of Oregon's senators, and they carried that State for governor in 1910. But in the primaries in each State a few days ago the Re-

REGISTRATION DAYS.
* The following are the three registration days under the law enacted by the 1911 legislature:

* Friday, September 6, 60 days before election day.
* Monday, October 7, 29 days before election day.

publicans showed a good-sized lead. There is a reasonable certainty, as indicated by the votes for delegates this far, that the verdict of 1910 for congress will be reversed for both congress and president in 1912. This is just what Democrats as well as Republicans had a right to expect. While the result in 1910 was a Democratic victory. Enough Republicans in all the close congressional districts remained away from the polls in that year to give the Democrats a majority in the house. No Republican swung over to the Democratic side. The aggregate Democratic vote was much smaller in that year than it was for congress or president two years earlier. The interest shown in the primaries in the past few weeks, however, indicates that there will be no Republican sulking in 1912. The stake is larger than it was two years ago. Republican stay-at-homes at that time knew that even if the Democrats were permitted to carry the House they would be balked by a Republican senate and president. A Democratic victory in 1912 would put the entire government in that party's hands, with the possibility of bringing an industrial change like that which came in when they had their previous presidential victory. As shown by the votes in the States which have held their primaries thus far, all the Republicans are likely to go to the polls in November, which will mean that the party which has held the president in recent years will get an extension of its mandate.

On motion of Reed of Missouri the Senate yesterday ordered the printing as public documents of President Taft's Boston speech, of Col. Roosevelt's reply and of Taft's rejoinder thereto. What does Senator Reed, a Democrat, expect to accomplish by scattering over the country the campaign speeches of his party's enemies? Does he suppose that the divergencies between the two leading Republican aspirants for the presidential candidacy will help his party in the canvass? Is he innocent enough to believe that the quarreling in this campaign is all on the Republican side

As the Republican National convention is but a few weeks away it is far the best plan to refer proposed new party principles to that competent body made up of representatives from all the States and territories.

WIDOW AWARDED \$3,000 DAMAGES

Mrs. Jane Sanker Gets Favorable Judgment on Account of Death of Husband at Straughn.

HIT BY A T. H. I. & E. CAR

Jurors All For Plaintiff but Amount to be Given Her Was Stumbling Block.

A jury in the Henry circuit court at Newcastle has returned a verdict of three thousand dollars against the T. H. I. & E. Traction company in favor of Mrs. Jane Sanker, administratrix of the estate of Frank G. Sanker, who was killed, while riding in an automobile, by a car operated by the defendant at the crossing in Straughn August 19, 1911.

Many Straughn people were in attendance at the trial as witnesses. D. W. Comstock, late of the appellate bench, tried the case as special judge. The widow asked for ten thousand dollars damages.

The first ballot resulted in a vote of 10 to 2 for the plaintiff. On the second ballot the jurors were unanimous against the traction company. The amount of damages to be awarded was a problem that the jury had difficulty in solving. Several members desired to award the full amount asked in the complaint. A compromise was finally made on the theory that if a fair sum was awarded, the case might not be carried to the higher courts. Consequently the sum of \$3,000 was unanimously decided upon.

The suit grew out of one of the most horrible railroad crossing accidents in the history of Henry county. Mr. Sanker, a resident of Covington, Ky., who was visiting relatives, was killed when the automobile in which he was riding was struck by a T. H. I. & E. car in Straughn. Samuel Murphy, with whom Sanker was riding, was also badly injured.

In the trial the plaintiff maintained that the car was late and that it was exceeding the speed limit set by the ordinance of the town of Straughn. The case was hard fought and attracted a brilliant array of legal talent.

COST OF LIVING AT ORPHANS' HOMELESS

Decided Improvement of Financial Condition of Knightstown Institution Noted in Report.

MORE CHILDREN ADMITTED

A decided improvement in the financial condition of the State Soldiers and Sailors Orphans' Home at Knightstown, for the first seven months of the current fiscal year, as compared with the corresponding part of the fiscal year, has been reported to Governor Marshall by D. F. Mustard of Anderson, treasurer of the board of trustees. According to Mr. Mustard's figures the institution for the first seven months of last year cost for maintenance \$54,745.70 and for the first seven months of this year \$50,490.11.

The average daily enrollment for the first seven months last year was 360, and for the first seven months of this year 431.

Mr. Mustard estimated that the trustee would be able this year to turn back \$10,000 of the total maintenance appropriation of \$100,000, in spite of the increased population of the school. Twenty more children were to be admitted to the school today under the act of 1911 providing for admission of orphan grandchildren of veterans of the civil war.

CHECK RAISERS LEAVE TRACKS

National Detective Agency Sends Out Warning to Bankers and Business Men.

FORGERS IN THIS SECTION

Swindle People by Raising Amount on Genuine Checks—Applies to All.

The local banking institutions and business men are warned to be on the watch for check raisers, who are said to be working in this section of the State. A warning has been sent out by a national detective agency, which declares that it has received authentic information that check raisers are operating in and around Rushville swindling business men by raising the amounts on the genuine checks. The warning says:

"We are sending you this warning because it is often difficult to apprehend forgers of this class unless their operations are reported when first discovered by the signer of the manipulated check. It is suggested that bank depositors make it a rule to check up the pass books as often as possible, and use due precautions to discover such alterations, if any, while there is still time to obtain evidence.

"Care in writing amounts is recommended as well as the employment of a device that stamps a limited amount across the check, such as is generally used by the bank, and that every check, no matter to whom issued, should be properly stamped with the same.

"This warning applies to practically all business concerns that issue checks, since it is our experience that check raisers manage to get possession of genuine checks in the most unexpected ways and the loss often falls on the signer rather than on the bank."

KILLS BLACK SNAKE.

The first snake story of the year has been reported. It comes from the S. B. Anderson farm, south of the city. One day this week, Miss Jessie Anderson killed a black snake in the rear of their residence which measured four feet in length. Although it may have looked larger than this, four feet is the exact measurement.

HAS TO BE.

AMUSEMENTS

The Princess will have the usual two pictures featuring the Vitagraph "Cowboy Damon and Pythias." It is a dramatic western picture. "Cousin Bill" is the title of a good picture.

The Palace has a picture tonight in the Eclair drama, "The Awakening," which is of unusual interest. In this picture Miss Dorothy Gibson, one of the survivors of the Titanic is featured. This is the last picture Miss Gibson "worked in" before going to Europe for a vacation. The other is a Great Northern entitled "His Wife."

The Portola offers another feature, bill tonight showing three reels of pictures. "The Bill of Penance" is a Kalem drama, the scenes of which are laid in California. "Love and Tears" is a Lubin drama. "Stenographer Wanted" is a Vitagraph comedy featuring John Bunny. Houek and VanCamp will sing a special duet entitled "All that I Want is Someone." VanCamp will also sing an illustrated song.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Rushville People to Neglect.

The great danger of kidney troubles is that they get firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease, follow in merciless succession. Don't neglect your kidneys. Help the kidneys with the reliable and safe remedy, Doan's Kidney Pills, which has cured people right here in this locality.

Mrs. C. Teabald, S. Montgomery St. Shelbyville, Ind., says: "Three years ago I recommended Doan's Kidney Pills in a statement I made for publication and at this time I willingly endorse the remedy again. I have since procured Doan's Kidney Pills and they have given me relief from various symptoms of kidney complaint. I know that this remedy lives up to the claims made for it and for that reason I advise other kidney sufferers to give it a trial."

WATER FRONT YARNS DENIED BY OFFICERS

Report Has It That Big Liner Had a Close Call.

New York, May 3.—Along the Hoboken water front members of the crew of the North German Lloyd liner Koening Louise, which docked at Hoboken late Wednesday, were emphatic in their stories that the liner had sprung a leak at sea. This story was backed by longshoremen employed to unload the steamer, although it was vigorously denied by the ship's officers and none of the passengers knew anything about it.

According to the water front yarns the leak was discovered in the forward hatch last Sunday, while the Koening was far out. The spinners of the tale say that the officers attempted to use their pumps, but there was too much water and they couldn't get effective work out of the pumps. The sailors say that the water rose finally to the level of the lowest deck and was at least twelve feet high by the time the big German docked.

Dressed For the Part.

Muncie, Ind., May 3.—Because he had mortar on his clothes, wore a cheap cotton shirt and battered hat, all giving the appearance of one who was telling the truth and because, also, he said he was engaged in tearing down a building to make way for the proposed Young Men's Christian association building, a negro, giving his name as Ben Jackson, had no difficulty in cashing worthless checks all over town. After garnering \$200 or \$300 the negro escaped.

SLEEPS WELL AT NIGHT

If you want to know how a man feels who has allowed his health to break down, and then find a way of regaining it, just read this letter from Joseph J. Fagan, of New York City.

"Nearly all last winter I was in poor health owing to a general run-down condition. I had very little appetite and did not sleep well.

"March I began to take your delicious cod liver and iron preparation Vinol, and soon noticed a great improvement in my health. My appetite returned, and I can now enjoy my meals and get good rest at night.

"I have not felt better for years than I have since taking Vinol." Mr. Fagan did not risk a cent to get well for his money would have been paid back if Vinol had not helped him.

We don't see how any person in poor health, weak, pale, nervous or unable to sleep can hesitate a moment about beginning the use of Vinol. We have known Vinol to make so many people healthy and strong again, that we recommend it to you with the greatest confidence. F. B. Johnson & Co., Druggists, Rushville, Ind.

Head of Locomotive Firemen Who Are on Verge of Strike

RAILROAD FIREMEN WANT MORE MONEY

They Follow the Example of the Engineers.

New York, May 3.—Following the example of the engineers, the firemen employed on the eastern railroads have made a demand for an increase in pay. This is what the railroad managers expected would happen. Now they are waiting for the trainmen, conductors and other railroad employees to step forward and ask for money. The differences between the railroads and the Brotherhood of Locomotive Engineers have been left to a board of arbitration to adjust.

As the railroad managers figured it out hastily, the demands of the firemen if granted would mean a yearly increase of between \$25,000,000 and \$30,000,000 to the expenses of the railroads. The engineers asked for about \$8,000,000. Chief Stone of the engineers intimated in the early days of the negotiations with the railroads that if the engineers went on strike the firemen would follow.

What the Firemen Want.

The organization of the firemen, the Brotherhood of Locomotive Firemen and Enginemen, have submitted their demands through their president, W. S. Carter, to J. G. Stewart, vice president of the Erie Railroad company and chairman of the conference committee of the fifty railroads in the district east of Chicago and north of the Ohio and Potomac rivers. The district covers the same territory affected by the engineers' demands. Among the things the firemen ask in addition to more pay is that there shall be an assistant fireman on coal-burning freight locomotives. They also ask to be relieved of cleaning engines. It is likely that the managers will refuse to grant the demands of the firemen, and probably the same course taken with the engineers will be followed, eventually resulting in a board of arbitration being appointed.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give your money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance.

Special Agents, Hargrove and Mullin.

CATARH MISERIES FOREVER ENDED

A Simple, Safe Remedy Brings Instant Relief, Even in The Worst Cases.

The quickest, safest and best way to cure catarrh is by using a remedy that will touch the spot and do its work quickly without leaving any bad effects. Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest, gets right at the root of the trouble, and instantly relieves even the worst case of catarrh. In a few minutes after applied, you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing come back, and you feel like a different person.

Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, stops the nasty discharge which makes the breath foul and causes the disgusting hawking, spitting and blowing. Hay fever victims who are made miserable with fits of sneezing and coughing get instant relief by the use of this simple remedy.

Don't suffer with catarrh another day. Ely's Cream Balm will relieve you immediately, and a fifty-cent bottle will more than likely effect a complete cure. All druggists sell it. Hargrove & Mullin, special agents.

CARTHAGE SCHOOLS**

Former Pendleton Instructor is the
Unanimous Choice of School
Board and Township Trustee.

MARKS CLOSE OF DISSENSION

The Carthage Citizen is authority for the announcement that Samuel B. Walker, for several years instructor of English and History in the Pendleton schools, has been elected superintendent of the Carthage public schools for a period of two years at a salary of twelve hundred dollars annually. He is said to be the unanimous choice of the Ripley township trustee and the Carthage school board. Mr. Walker has had seventeen years experience as school instructor, although he is not a college or university graduate. He carries recommendations from several schools and educators. He had been elected superintendent of the Pendleton schools in Madison county for next year, but refused the offer to take the Carthage position.

The resignation of W. W. Lindley as superintendent of the Carthage schools ends a long fight in the Carthage school organization. William Bundy, president of the school board, was always opposed to Mr. Lindley and never voted for his retention. Mr. Bundy gave as a reason for his stand that Lindley was not competent. Mr. Lindley said Mr. Bundy opposed him because he was a graduate of Earlham college, and Mr. Bundy was at loggerheads with that institution. It is said the internal dissension there was indirectly the result of the inspection by a member of the State board of education and the withdrawal of the Carthage high school commission. W. W. Lindley has been named superintendent of the New London schools.

Joe Ong, son of Mr. and Mrs. Oliver Ong, who formerly lived in Rushville and attended school here, has written friends here that he is employed in Madison, Wisconsin, as field electrical inspector on the engineering staff of the State railroad commission. His work consists of the valuation of electric light and power plants, electric railway and power stations and equipment; and the study of street car and interurban service in the State of Wisconsin. His duties take him all over the State and many times out of it to study comparative conditions. Before leaving in Madison last December, Mr. Ong had charge of a power station and seven sub-stations on the Ft. Dodge, Des Moines and Southern Railway Company at Boone, Iowa. He writes that he is very well pleased with his work. Mr. Ong was graduated from the high school here in 1905 and received a diploma from the electrical department of Purdue University four years later.

Jermiah Wilson, who was elected to Congress. At the next election he was re-elected to the same office and served six more years as judge of the circuit court.

In 1888 Judge Cullen was a delegate from the Sixth congressional district to the Republican national convention and took an active part in nominating General Harrison to the presidency. While attending this convention he was nominated for State representative and was elected, serving one term. In recent years Judge Cullen has not been active politically because of ill health and his advanced age.

Judge Cullen had been a ruling elder in the First Presbyterian church since 1886 and had always taken an active interest in the affairs of the church. He was a member of the Masonic lodge and of the G. A. R. He is survived by his widow, one daughter, Mrs. J. C. Sexton, three sisters, Mrs. Elizabeth East, Mrs. John A. Jones and Mrs. W. A.
